

# Encyclopaedia of Nuclear Science, Technology and Engineering

Nuclear Science is the study of an atom's nucleus's constituent parts, structure, and behaviour. It is particularly interested in nuclear energy and the nature of matter. Nuclear physicists study nuclear matter at all length scales, from supermassive to subatomic particles. The structure of the nucleus at various pressures and temperatures, the genesis of elements, and the formation and development of stars are among the research topics. It is now widely acknowledged that nuclear science contributes to the energy sector, medical sciences, biology, radiobiology, and far too many other sectors. The general public has to be educated on the fundamentals of nuclear phenomena due to the extensive use of nuclear techniques and their significant social impact. Written from an experimental perspective, *Encyclopaedia of Nuclear Science* goes into great insight into the basic ideas and real-world applications of nuclear science. Chapters covering topics such as Artificial Fusion, Fusion of Heavy Elements, Fusion Power, Systems of Nuclear Instrumentation, Nuclear Power Reactors, Ionising Radiation, Nuclear Technology, Radiography, Radiation Therapy, Features of Radioactivity, X-Ray, and Applications of MRI are included in this book. The current encyclopaedia is intended to be very helpful for instructors and students, and it is based on the syllabus offered by Indian universities.

Dr. A.K. Choubey (born 1956) is Senior Professor of Physics Department at College of Natural and Computational Sciences, Addis Ababa University, Ethiopia, where his pioneering research on Nuclear Science synthesis received significant recognition. Dr. Choubey flourished in teaching profession from more than 28 years. He has published more than 80 research papers in various reputed indexed national and International Journals and also write 4 books in reputed Publishing Houses. Dr. Choubey is a member of various national and international organizations, including the Bhambha Atomic Research Centre (BARC) and serves as the Secretary of the Indian Association for the Cultivation of Science (IACS).
