Heinrich August Wilhelm Meyer

First Horseman:

The First Horseman John Case, 1999 Reporter Frank Daly misses a scientific voyage to the Arctic Catching up with the scientists on their return he finds them reluctant to talk and he probes until he discovers the shocking truth

The Book of Revelation and Its Interpreters Ian Boxall, Richard Tresley, 2015-11-25 The Book of Revelation has fired the imaginations of theologians preachers artists and ordinary Christians across the centuries The resulting number of commentaries on the book is enormous and most studies can only touch upon at most a representative sample of this vast literature As a consequence many focus largely on the interpretation of the Apocalypse only within specific periods such as the patristic period or during the Reformation One result of this severe limitation given the vast literary corpus is how historical interpretations in critical commentaries of the Book of Revelations tend to prioritize authors from the modern period In *The Book of Revelation and Its Interpreters Short Studies and an Annotated Bibliography* editors Richard Tresley and Ian Boxall fill a significant gap in the scholarly literature At its heart is an extensive annotated bibliography covering commentaries on the book up to 1700 including most of the early illuminated Apocalypses Supporting the presentation of this survey of the historical interpretations of the Book of Revelation is an extended overview of Revelation's often colorful reception history by Christopher Rowland together with a number of short studies on various aspects of the book These include discussions of specific commentators such as Sean Michael Ryan's look at Tyconius and Francis X Gumerlock's exploration of Chromatius of Aquileia alongside a more general treatment of Revelation's impact on the figure of John of Patmos in an essay by Ian Boxall and the visual reception of Revelation in Natasha O'Hear's article *The Book of Revelation and Its Interpreters* provides a valuable bibliographical resource for those working in the field of Biblical Studies history of Christianity eschatology and apocalyptic studies The accompanying essays orient the authors recorded in the bibliography within a larger context offering specific examples of the Apocalypse's capacity to speak in fresh and often surprising ways to diverse audiences throughout history

Picturing the Apocalypse Natasha O'Hear, Anthony O'Hear, 2015-06-25 The book of Revelation has been a source of continual fascination for nearly two thousand years Concepts such as The Lamb of God the Four Horsemen the Seventh Seal the Beasts and Antichrist the Whore of Babylon Armageddon the Millennium the Last Judgement the New Jerusalem and the ubiquitous Angel of the Apocalypse have captured the popular imagination One can hardly open a newspaper or click on a news web site without reading about impending financial or climate change Armageddon while the concept of the Four Horsemen pervades popular music gaming and satire Yet few people know much about either the basic meaning or original context of these concepts or the multiplicity of different ways in which they have been interpreted by visual artists in particular The visual history of this most widely illustrated of all the biblical books deserves greater attention This book fills these gaps in a striking and original way by means of ten concise thematic chapters which explain the origins of these concepts from the book of Revelation in an accessible way These explanations are augmented and developed via a

carefully selected sample of the ways in which the concepts have been treated by artists through the centuries The 120 visual examples are drawn from a wide range of time periods and media including the ninth century Trier Apocalypse thirteenth century Anglo Norman Apocalypse Manuscripts such as the Lambeth and Trinity Apocalypses the fourteenth century Angers Apocalypse Tapestry fifteenth century Apocalypse altarpieces by Van Eyck and Memling D rer and Cranach s sixteenth century Apocalypse woodcuts and more recently a range of works by William Blake J M W Turner Max Beckmann as well as film posters and stills cartoons and children s book illustrations The final chapter demonstrates the continuing resonance of all the themes in contemporary religious political and popular thinking while throughout the book a contrast will be drawn between those readers of Revelation who have seen it in terms of earthly revolutions in the here and now and those who have adopted a more spiritual otherworldly approach
