## **First Of The Civil War:**

*First Bull Run* Charles River, Jonathan Gianos-Steinberg, 2024-05-29 Today will be known as BLACK MONDAY We are utterly and disgracefully routed beaten whipped by secessionists George Templeton Strong Northern diarist After the Battle of Fort Sumter in April 1861 ignited the Civil War many in the North expected a relatively quick victory including President Abraham Lincoln While that seems naive in hindsight given the knowledge that the war lasted over four years these expectations seemed entirely realistic at the time due to the Union's overwhelming economic advantages over the South At the start of the war the Union had a population of over 22 million whereas the South had a population of 9 million nearly 4 million of whom were slaves Union states contained 90% of the manufacturing capacity of the country and 97% of the weapon manufacturing capacity Union states also possessed over 70% of the total railroads in the pre war United States at the start of the war and the Union also controlled 80% of the shipbuilding capacity of the pre war United States After Fort Sumter the Lincoln Administration pushed for a quick invasion of Virginia with the intent of defeating Confederate forces and marching toward the Confederate capitol of Richmond Lincoln pressed General Irvin McDowell to push forward Despite the fact that McDowell knew his troops were inexperienced and unready pressure from Washington politicians forced him to launch a premature offensive against Confederate forces in Northern Virginia McDowell's strategy during the First Battle of Bull Run was grand and in many ways it was the forerunner of a tactic Robert E Lee Stonewall Jackson and James Longstreet executed brilliantly on nearly the same field during the Second Battle of Bull Run in August 1862 McDowell's plan called for parts of his army to pin down General P G T Beauregard's Confederate soldiers in front while marching another wing of his army around the flank and into the enemy's rear rolling up the line McDowell assumed the Confederates would be forced to abandon Manassas Junction and fall back to the next defensible line the Rappahannock River In July 1861 however this proved far too difficult for his inexperienced troops to carry out effectively As the first major land battle of the Civil War the First Battle of Bull Run made history in several ways The two sides fought near the railroad junction at Manassas on July 21 1861 just 25 miles away from Washington which was close enough for many civilians from the nation's capital to come and watch what they expected to be a rout of Confederate forces and for awhile it appeared as though that might be the case McDowell's strategy ultimately fell apart though mostly thanks to the use of the railroad Confederate reinforcements under General Joseph E Johnston including a brigade led by Thomas Jonathan Jackson arrived by train in the middle of the day a first in the history of American warfare With Johnston's army arriving midday on July 21 it evened up the numbers between the Union and Confederate forces and by shoring up the Confederates left flank some of Johnston's troops most notably Jackson's brigade helped reverse the Union's momentum and ultimately turn the tide As the battle's momentum switched the inexperienced Union troops were routed and retreated in disorder back toward Washington in an unorganized mass With over 350 killed on each side it was the deadliest battle in American history to date and both the Confederacy and the Union

were quickly served notice that the war would be much costlier than either side initially anticipated

### **The Start of the Civil War**

Charles River Charles River Editors, 2013-08-24 Includes pictures of important people places and events Includes maps of the battles Includes accounts of the fighting at Fort Sumter and First Bull Run by important generals and leaders who fought there Explains the causes and chain of events that led to the secession of Southern states and the formation of the Confederacy Includes a Bibliography for further reading The secession of the South was one of the seminal events in American history but it also remains one of the most controversial The election of Abraham Lincoln was the impetus for secession but that was merely one of many events that led up to the formation of the Confederacy and the start of the Civil War On December 20 a little more than a month after Republican Abraham Lincoln had been elected the 16th president a convention met in Charleston and passed the first ordinance of secession by one of the United States declaring We the people of the State of South Carolina in convention assembled do declare and ordain that the Union now subsisting between South Carolina and other States under the name of the United States of America is hereby dissolved In January 1861 Mississippi Florida Alabama Georgia Louisiana and Kansas followed South Carolina's lead and the Confederate States of America was formed on February 4 in Montgomery Alabama with former Secretary of War Jefferson Davis inaugurated as its President A few weeks later Texas joined The Confederacy's hope of being let go in peace ended at 4:30 a.m. on the morning of April 12, 1861 when Confederate Brigadier General P. G. T. Beauregard ordered the first shots to be fired at the federal garrison defending Fort Sumter in the Charleston Harbor effectively igniting the Civil War For nearly 36 hours Beauregard's Confederates unleashed a general bombardment from 43 guns and mortars positioned at various points across the Harbor Unable to effectively reply or defend themselves Major Robert Anderson raised the white flag early in the afternoon of April 13 bringing the first battle of the Civil War to a close No casualties were suffered on either side during the dueling bombardments across Charleston Harbor but ironically two U.S. Army soldiers were killed by an accidental explosion during the surrender ceremonies Fort Sumter is popularly remembered today as the first fighting of the Civil War and a relatively painless battle at that but much of the history before April 12 that led to the shelling of the fort is often overlooked The federal garrison had been stationed there months before the fight carefully watching the secession of South Carolina the buildup of Confederate forces in the region and the actions of the Buchanan Administration and incoming Lincoln administration in the weeks leading up to the bombardment After Fort Sumter the Lincoln Administration pushed for a quick invasion of Virginia with the intent of defeating Confederate forces and marching toward the Confederate capitol of Richmond Lincoln pressed Irvin McDowell to push forward Despite the fact that McDowell knew his troops were inexperienced and unready pressure from the Washington politicians forced him to launch a premature offensive against Confederate forces in Northern Virginia Today First Bull Run is remembered as the first important land battle of the Civil War but with over 350 killed on each side it was the deadliest battle in American history to date and both the Confederacy

and the Union were quickly served notice that the war would be much more costly than either side had believed The Start of the Civil War comprehensively covers all of the events that led to the secession of the South the events that led up to the two historic battles what happened at the battles and their aftermath and legacies Along with pictures and a Bibliography you ll learn about the start of the Civil War like never before **Battle at Bull Run** William C. Historians have long ignored the military aspect of the wars of religion which raged in France during the late sixteenth century dismissing the conflicts as aimless or hopelessly confused In contrast this meticulously researched analysis of the royal army and its operations during the early civil wars brings warfare back to the centre of the picture James B Wood explains the reasons for the initial failure of the monarchy to defeat the Huguenots and examines how that failure prolonged the conflict He argues that the nature and outcome of the civil wars can only be explained by the fusion of religious rebellion and incomplete military revolution This study makes an important contribution to the history of military forces warfare and society and will be of great interest to those engaged in the debate over the Military Revolution in early modern Europe
