I worked with seasoned instructors and acquired successful teaching techniques, including project-based learning, differentiated instruction, and cooperative learning. I'm passionate about establishing inclusive learning settings where every student feels respected and supported, regardless of their background or learning style. My major accomplishments-

- Effectively created a pleasant classroom climate by employing classroom management practices that fostered respect, discipline, and active involvement.
- Uses instructional strategies and technological tools to accommodate various learning preferences and maintain student interest.
- Students received positive criticism, which helped them find areas for development and encouraged continual progress.
- Provide additional assistance to kids with exceptional needs or learning disabilities, collaborating closely with special education personnel to achieve inclusive education.

One of the most enjoyable experiences during my training was a student-led project, a class-wide effort, or a successful teaching style. This experience taught me the value of adaptability and originality in teaching and the need to develop close connections with students and coworkers.
