Global Intellectual Property Rights Knowledge Access And Development:

Global Intellectual Property Rights P. Drahos,R. Mayne,2002-10-31 Intellectual property rights such as patents can reduce access to knowledge in genetics health agriculture education and information technology particularly for people in developing countries Global Intellectual Property Rights shows how the new global rules of intellectual property have been the product of the strategic behaviour of multinationals rather than democratic dialogue The final section of the book suggests strategies aimed at developing more flexible standard for poor countries and for keeping knowledge in the intellectual commons

Law, Knowledge, Culture Jane E. Anderson,2009-01-01 Combining unique practical experience with a sophisticated historical and theoretical framework this impressive work offers a new basis to explore indigenous intellectual property In this wide ranging and imaginative study Anderson has laid the groundwork for future scholarship in the field Hopefully this work will set a new trajectory for how this important topic is approached and advanced with indigenous people

Brad Sherman University of Queensland Australia This informative book investigates how indigenous and traditional knowledge has been produced and positioned within intellectual property law and the effects of this position in both national and international jurisdictions Drawing upon critical cultural and legal theory Jane Anderson illustrates how the problems facing the inclusion of indigenous knowledge resonate with tensions that characterise intellectual property as a whole She explores the extent that the emergence of indigenous interests in intellectual property law is a product of shifting politics within law changing political environments governmental intervention through strategic reports and innovative instances of individual agency The author draws on long term practical experience of working with indigenous people and communities whilst engaging with ongoing debates in the realm of legal theory Detailing a comprehensive view on how indigenous knowledge has emerged as a discrete category within intellectual property law this book will benefit researchers academics and students dealing with law in the fields of IP human rights property and environmental law It will also appeal to anthropologists sociologists philosophers and cultural theorists

The Oxford Handbook of Intellectual Property Law Rochelle C. Dreyfuss,Justine Pila,2018-04-12 We live in an age in which expressive informational and technological subject matter are becoming increasingly important Intellectual property is the primary means by which the law seeks to regulate such subject matter It aims to promote innovation and creativity and in doing so to support solutions to global environmental and health problems as well as freedom of expression and democracy It also seeks to stimulate economic growth and competition accounting for its centrality to EU Internal Market and international trade and development policies Additionally it is of enormous and increasing importance to business As a result there is a substantial and ever growing interest in intellectual property law across all spheres of industry and social policy including an interest in its legal principles its social and normative foundations and its place and operation in the political economy This handbook written by leading academics and practitioners from the field of intellectual property law and suitable for both a specialist legal readership and

an intelligent but non specialist legal and non legal readership provides a comprehensive account of the following areas The foundations of IP law including its emergence and development in different jurisdictions and regions The substantive rules and principles of IP and Important issues arising from the existence and operation of IP in the political economy

Implementing the World Intellectual Property Organization's Development Agenda Jeremy de Beer, 2009-04-24 The newly adopted World Intellectual Property Organization WIPO Development Agenda presents a real opportunity to revolutionize the international governance of intellectual property law and policy The litmus test for its success however will be if and how the agenda is implemented in practice This edited collection brings together a series of incisive essays written by leading thinkers from emerging economies Canada and elsewhere to develop concrete strategies for implementing the agenda The essays cover a range of fundamental issues surrounding the agenda and examine its recommendations from multidisciplinary and multi regional perspectives Several essays explore the role of WIPO and its member states in steering the direction of future reform as well as potential approaches to achieve this goal Other contributions examine specific recommendations on WIPO s activities within the broader context of development This volume will be a useful source of reference for informed but non expert readers including government officials and delegates at international and capital levels leaders of the international business community individuals in inter and non governmental organizations and scholars in the fields of law and international governance Co published with the International Development Research Centre and the Centre for International Governance Innovation

Global Intellectual Property Law Graham Dutfield, Uma Suthersanen, 2008-01-01 the book is enlightening for practitioners who are often required to take into account global considerations when advising clients It would be of particular interest to policy makers in the intellectual property field Australian Intellectual Property Law Bulletin Dutfield and Suthersanen have skillfully captured in one concise volume all the important things you need to know about international intellectual property law The materials are accessible timely methodically presented and at times critical The book s detailed in depth and comparative analyses provide helpful insights into the increasingly complex international intellectual property system Global Intellectual Property Law is not only an effective textbook for students interested in the subject but a desktop companion for policymakers and professionals who need a quick and up to date overview of global intellectual property issues Peter K Yu Drake University US and Zhongnan University of Economics and Law China Today global intellectual property rules affect everything from poor people s access to essential medicines to farmers rights in seeds to access to knowledge on the Internet But at the same time that pundits declare that intellectual property has come of age this body of law is more contested than ever with critics asking whether intellectual property is even necessary to stimulate innovation and whether and how intellectual property ought to be tailored to address the health and developmental needs of the global South Dutfield and Suthersanen s *Global Intellectual Property Law* is a timely and lucid contribution to the field This tome covers every hot button area of international intellectual property law and policy from debates over the

affect of intellectual property on development to controversy over biotechnology and property rights in life to claims by indigenous people and developing countries for new property rights in traditional knowledge Dutfield and Suthersanen describe the current terrain comparing North American European and developing world approaches much to their credit they do not shy away from describing points of tension among global actors Global Intellectual Property Law is a must have for scholars and practitioners in the field for whom I anticipate the book will become a trusted and oft used reference on their bookshelf The book is clearly written and engaging enough to be perfect for students or laypersons interested in acquiring a comprehensive and critical appraisal of the field Madhavi Sunder University of California Davis US Dutfield and Suthersanen have succeeded in writing an engaging treatise that offers a truly modern perspective on intellectual property today With examples from every continent from every level of jurisdiction national regional international their study covers all the traditional fundamentals of intellectual property law as well as the current critical interrogations that their development raises It is a book with character Ysolde Gendreau Universit de Montr al Canada Global Intellectual Property Law by Dutfield and Suthersanen provides a broad overview of the issues at stake concerning fair and effective ways to organize the information resources upon which the well being of us all depends The book highlights international and comparative perspectives on IP law and policy Although primarily targeted at postgraduate level students the book is enlightening also for practitioners and a must read for all policy makers and opinion leaders in the IP field Thomas Dreier University of Karlsruhe Germany Globalisation of trade means that intangible informational resources are now produced bartered and consumed anywhere and everywhere defying jurisdictional borders Intellectual property has moved into the mainstream of national economic and developmental planning in the recent past it has also emerged as the central impetus in multilateral

Social Stratification and Social Movements Sabrina Zajak, Sebastian Haunss, 2019-11-22 This volume addresses the contested relationship between social stratification and social movements in three different ways First the authors address the relationship between social stratification and the emergence of protest mobilization Second the texts look at social stratification and social positions to explain variations in political orientations as well as differing aims and interests of protestors Finally the volume focuses on the socio structural composition of protestors Social Stratification and Social Movements takes up recent attempts to reconnect research on these two fields Instead of calling for a return of a class perspective or abandoning the classical social movement research agenda it introduces a multi dimensional perspective on stratification and social movements and broadens the view by extending the empirical analysis beyond Europe

Intellectual Property and Public Health in the Developing World Monirul Azam, 2016-05-30 Across the world developing countries are attempting to balance the international standards of intellectual property concerning pharmaceutical patents against the urgent need for accessible and affordable medicines In this timely and necessary book Monirul Azam examines the attempts of several developing countries to walk this fine line He evaluates the experiences of Brazil China India and

South Africa for lessons to guide Bangladesh and developing nations everywhere Azam's legal expertise concern for public welfare and compelling grasp of principal case studies make *Intellectual Property and Public Health in the Developing World* a definitive work The developing world is striving to meet the requirements of the World Trade Organization's TRIPS Agreement on intellectual property This book sets out with lucidity and insight the background of the TRIPS Agreement and its implications for pharmaceutical patents the consequences for developing countries and the efforts of certain representative nations to comply with international stipulations while still maintaining local industry and public health Azam then brings the weight of this research to bear on the particular case of Bangladesh offering a number of specific policy recommendations for the Bangladeshi government and for governments the world over *Intellectual Property and Public Health in the Developing World* is a must read for public policy makers academics and students non governmental organizations and readers everywhere who are interested in making sure that developing nations meet the health care needs of their people

The Global Political Economy of Intellectual Property Rights Christopher May, 2010 The first edition established itself as one of the leading books to situate the issue of intellectual property within the discipline of International Political Economy IPE Since its publication intellectual property has continued to rise up the global agenda reflecting expanding interest in the area among policy makers and advocacy groups linked to the increasingly fraught politics of the global governance of IPRs Significantly revised and updated to take account of developments within the World Trade Organization and the World Intellectual Property Organization this edition incorporates the author's recent research on IPRs It retains the theoretical and analytical elements of the first edition whilst offering students and researchers a detailed analysis of how intellectual property is politically constructed and how it is linked to the economics of knowledge and information in the contemporary global political economy Rapidly developing issues addressed in the work include arguments around the implementation of the Agreement on Trade Related Aspects of IPRs TRIPs the WIPO Development agenda and the resistance to socialization programmes the AIDS crisis and the pharmaceutical industry Digital Rights Management This book will be of interest to students and researchers of international political economy international relations and intellectual property law

TRIPS plus 20 Hanns Ullrich, Reto M. Hilty, Matthias Lamping, Josef Drexler, 2016-01-29 This book examines the impact and shortcomings of the TRIPS Agreement which was signed in Marrakesh on 15 April 1994 Over the last 20 years the framework conditions have changed fundamentally New technologies have emerged markets have expanded beyond national borders some developing states have become global players the terms of international competition have changed and the intellectual property system faces increasing friction with public policies The contributions to this book inquire into whether the TRIPS Agreement should still be seen only as part of an international trade regulation or whether it needs to be understood or even reconceptualized as a framework regulation for the international protection of intellectual property The purpose therefore is not to define the terms of an outright revision of the TRIPS Agreement but rather to

discuss the framework conditions for an interpretative evolution that could make the Agreement better suited to the expectations and needs of today's global economy

A Human Rights Framework for Intellectual Property, Innovation and Access to Medicines
Dr Joo-Young Lee, 2015-07-28 This book examines the relationship between intellectual property in pharmaceuticals and access to medicines from a human rights perspective with a view to contributing to the development of a human rights framework that can guide States in enacting and implementing intellectual property law and policy The study primarily explores whether conflicts between patents and human rights in the context of access to medicines are inevitable or whether patents can be made to serve human rights What could be a normative framework that human rights might provide for patents and innovation Joo Young Lee argues that it is necessary to have a deepened understanding of each of the two sets of norms that govern this issue that is patent law and international human rights law The chapters investigate the relevant dimensions of patent law and analyse particular human rights bearing upon the issue of intellectual property and access to medicines This study will be of great interest to academic specialists practitioners or professionals in the fields of human rights trade and intellectual property as well as policy makers activists and health professionals across the world working in intellectual property and human rights

Working Paper, 2003

Intellectual Property and Sustainable Development
Ricardo Meléndez-Ortiz, Pedro Roffe, 2009 This is a thought provoking book with relevance to a broad readership especially IP practitioners with a strong international focus Australian Intellectual Property Law Bulletin Intellectual property IP has gained an unprecedented importance in the new world of globalization and the knowledge economy However experience as well as cyclical attitudes toward IP show that there is no universal model of IP protection This comprehensive book considers new and emerging IP issues from a development perspective examining recent trends and developments in this area Presenting an overview of the IP landscape in general the contributing authors subsequently narrow their focus providing wide ranging case studies from countries across Africa Asia and Latin America on topical issues in the current IP discourse These include the impact of IP on the pharmaceutical sector the protection of life forms and traditional knowledge geographical indications access to knowledge and public research institutes and the role of competition policy The challenges developing countries face in the TRIPS Plus world are also explored in detail The diverse range of contributions to this thought provoking book offer a wide variety of alternative perspectives on and solutions for the controversial issues surrounding the role of IP within sustainable development As such it will prove a stimulating read for government policy makers trade negotiators academics lawyers and IP practitioners in general UN and other intergovernmental agencies development campaigners and aid agencies environmentalist groups and university students

Symposium, 2006
