The Mikado's Empire William Elliot Griffis,1877

The Impact of the Book of Enoch on Christianity and Other Religions Dr. Randy Delp,2017-03-31 Considered an expert about the Book of Enoch Dr Randy Delp has put together an analysis of this ancient book to explain why Jesus and the New Testament writers were not only influenced by the Book of Enoch they quoted its contents cited its texts and labeled it Scripture The teachings of Enoch have influenced every major monotheistic religion including Islam Judaism Christianity and Zoroastrianism and vestiges can be found in Hinduism and other ancient religions The footprints of his teachings are seen throughout every generation and the finality of his message has yet to be fulfilled Enochs influence in astronomy history religion education and para psychology has forged how society thinks today It is significant to note that the prophet named Enoch who was born seven generations after Adam and Eve may be the only person in history who has had a positive effect on every major and minor religion while nothing negative is ever spoken about him

"A Knot Worth Unloosing" John H. Duff,2019-01-21 In the study of Christian eschatological thought virtually no attention has been given to past interpretations of the biblical phrase the new heavens and earth John Duff uncovers the interpretations of this phrase that were extant in seventeenth century England These interpretations fall into two basic camps those that understood the phrase metaphorically and those that understood the phrase literally Some English divines believed the new heavens and earth referred to the new age of the gospel that commenced in the first century CE At that time God flung open the doors of salvation to Gentiles while at the same time bringing judgment to the Jewish nation for its failure to recognize and embrace Jesus as Messiah This epic transition was fittingly described as a new heavens and earth A second group of English interpreters believed the phrase stood for a yet future time when the political and religious circumstances of the world would change for the betterment of the church for one thousand years The new heavens and earth stood for a future millennium in which Christ would establish his reign over the world prior to the day of resurrection and final judgment Theologians who accepted a literal understanding believed the new heavens and earth described the renovation of the physical creation at the final judgment Among this group differences of opinion existed with respect to how much of the world would need cleansing
