## Heavy Horses:

Heavy Horses Edward Hart,1994      **Horse Power and Magic** George Ewart Evans,2012-03-15 The pioneering oral historian George Ewart Evans began to record the farming ways of East Anglia in the 1950s by listening to old men and women whose memories went back more than fifty or sixty years Many were agricultural labourers born before the turn of the century who had worked on farms before the arrival of mechanisation It was assumed at that time that horses would soon disappear from the farms and that this was the last chance of recording the part they had played for centuries It later became clear that this forecast was too pessimistic and in **Horse Power and Magic** Faber 1979 Ewart Evans describes in fascinating detail some important farms where horses continued to be beneficially used more than thirty years later He discovered that the traditions of the older horsemen had not died out but had been passed on in only slightly attenuated form to a younger generation keen to farm with horses proving that the day of the heavy horse was by no means over He also describes vividly the ways of horse tamers whose skills had a touch of magic about them Taking his works a whole there is no doubt that George Ewart Evans will survive as a fascinating pioneer of the extra academic recording of human history he has found a dimension all his own This is indeed the very stuff of history Sunday Times      The Horse Encyclopedia Elwyn Hartley Edwards,2016-11-29 From tiny ponies to heavy draught horses and rapid thoroughbreds explore the history and variety of this noble animal that helped shape human history A stunning celebration of the equine world The Horse Encyclopedia is a fully illustrated book about horses and ponies featuring over 150 breeds and types including all those recognized by national horse societies First domesticated around 6000 years ago horses rapidly became invaluable to humans They pulled chariots and plows and became essential to transport and war In this comprehensive volume you will discover breeds from all over the world from imposing Shires whose ancestors carried knights in chainmail into battle to thoroughbreds bred to run like the wind and Lipizzanas that can execute exquisite dressage moves such as the capriole where they jump with all four feet off the ground The Horse Encyclopedia gives concise details of each breed including its origins and anatomy as well as famous individuals such as Secretariat who is widely regarded as one of the greatest racehorses of all This dazzling guide also includes expert advice on horse care feeding and grooming and horse health making this a truly wonderful gift for all horse riders and equine enthusiasts      **Live Stock Journal** ,1922      Bulletin ,1905      Transactions of the Highland and Agricultural Society of Scotland Highland and Agricultural Society of Scotland,1907      *The British Veterinary Journal* ,1917      **THE JOURNAL OF THE ROYAL AGRICULTURAL SOCIETY OF ENGLAND** JOHN MURRAY,1879      *The Agricultural Gazette and Modern Farming* ,1914      **The Leather Workers Journal** ,1911      *Annual Report of the Cornell University Agricultural Experiment Station* New York State College of Agriculture,1913 Vols issued in Albany include reports on both experimental and extension work as well as research and extension publications issued during the year Vols issued in Ithaca contain some of these reports and publications but are not
