Index, 1990 *New Statesman and Nation*, 1954 *Victorian Lunatics* Marlene Ann Arieno, 1989 A startling social phenomenon of nineteenth century England was the continuing rise in the proportion of the population officially recognized as insane and the central government's response to this originally local responsibility. In 1845 legislation mandated public county asylums and for several decades thereafter public asylums sprang up in every part of the country becoming overcrowded as rapidly as they were built. Today the most prevalent theory concerning this phenomenon is that of social control which holds that the unwanted in nineteenth century English society were dumped into the newly erected asylums. Implicit in this theory is the suggestion that the government sponsored asylums were constructed for just such a purpose. In *Victorian Lunatics* Marlene A. Arieno subjects the social control theory to the test of statistical analysis and offers an alternative interpretation rooted in the bureaucratic revolution of nineteenth century England.
