Finding Sand Creek:

Finding Sand Creek Jerome A. Greene, Douglas D. Scott, 2013-07-10 The 1864 Sand Creek Massacre is one of the most disturbing and controversial events in American history While its historical significance is undisputed the exact location of the massacre has been less clear Because the site is sacred ground for Cheyenne and Arapaho Indians the question of its location is more than academic it is intensely personal and spiritual In 1998 the National Park Service under congressional direction began a research program to verify the location of the Sand Creek site The team consisted of tribal members Park Service staff and volunteers and local landowners In Finding Sand Creek the project s leading historian Jerome A Greene and its leading archeologist Douglas D Scott tell the story of how this dedicated group of people used a variety of methods to pinpoint the site Drawing on oral histories written records and archeological fieldwork Greene and Scott present a wealth of evidence to verify their conclusions Greene and Scott s team study led to legislation in the year 2000 that established the Sand Creek Massacre National Historic Site
