Emily Sticky Notes:

Emily the Strange Stick it Notes Cosmic Debris Etc Inc,2003-10-31 *Emily's Best Birthday Party Ever!* Mary J. Nestor,2014-03-10 Emily's birthday has finally arrived and she's so excited. She's having a party with all her friends complete with a special magic castle cake and a sparkly welcome walkway to greet her friends. She's even having a famous children's TV show magician to entertain her friends. At least that's what was planned. But a morning rainstorm soon washes away the hopes of the best birthday party ever, leaving Emily to fear it is going to be the worst. Emily's mom helps her through the disappointment by sharing all the fun things she did at her birthday parties when she was a little girl. Through resourcefulness, a few found objects, and a little creative thinking from their Imagination Inspiration hats, Emily's mom helps Emily see that even though things don't work out the way you planned, you can have a lot of fun and excitement by trying new things and experiences. Sceptical at first, Emily is drawn into the excitement and fun of some old-fashioned children's games and a homemade birthday cake. Her dad, her little brother, and even their dog Barky get swept into the growing excitement, and her friends agree that her party was the best birthday party ever. *Emily's Best Birthday Party Ever!* is a delightful story about children and parents who love and support each other through life's ups and downs. It deals with the fact that things don't always work out as planned, but with a little resourcefulness, creative thinking, and trust, there is a solution to any problem. It's a story about parents letting children go through the painful process of disappointment and helping them work through it to find creative solutions. It shows how sharing family traditions like the mom's birthday party games are important to preserving culture and the simple pleasures of years gone by. It's a story of how a family supports each other by working together. The book includes instructions for all of Emily's party games, the Imagination Inspiration hats, and her special three-layer birthday cake, so you can have a party just like hers and share in the fun. The games are fun for kids of all ages. Even grown-ups can have fun playing the games they enjoyed as children. As for Auntie Anna, you'll have to supply your own fun-loving relative or family friend who can add a special type of excitement to any party. *The Chalk Artist* Allegra Goodman,2017-06-13 A tender affair and the redemptive power of art are at the core of this compelling novel from National Book Award finalist Allegra Goodman, a romantic realist who dazzles with wit and compassion. *The Wall Street Journal* Collin James is young, creative, and unhappy. A college dropout, he waits tables and spends his free time beautifying the streets of Cambridge, Massachusetts, with his medium of choice: chalk. Collin's art captivates passersby with its vibrant colors and intricate lines until the moment he wipes it all away. Nothing in Collin's life is meant to last. Then he meets Nina, the daughter of a tech mogul who is revolutionizing virtual reality. Nina Lazare is trying to give back as a high school teacher, but her students won't listen to her. When Collin enters her world, he inspires her to think bigger. Nina wants to return the favor, even if it means losing him. Against this poignant backdrop, Allegra Goodman paints a tableau of students, neighbors, and colleagues: Diana, a teenage girl trying to make herself invisible; her twin brother Aidan, who's addicted to the games produced by Nina's

father and Daphne a viral marketing trickster who unites them all for better or worse Wise warm and enchanting The Chalk Artist is both a finely rendered portrait of modern love and a celebration of all the realms we inhabit real and imagined visual and virtual seemingly independent yet hopelessly tangled Praise for The Chalk Artist The virtual world Goodman conjures is as feverishly vivid as it is mysterious and alluring Not since I pushed my way through C S Lewis s fusty mothballed wardrobe and stepped out into the frozen pine scented forests of Narnia can I remember being so effectively transported into a viscerally sometimes terrifyingly plausible alternate universe This is a novel full of wit and spark Irresistible and arresting The New York Times Book Review Enjoyably sharp dialogue and convincing portraits of multiple mindsets and terrains One can t help but marvel at how Goodman has captured the atmosphere of this virtual fantasy land so effectively in words NPR Mesmerizing depictions of virtual reality landscapes of Neverwhen and Underworld make the games dangerous power over one of Nina s students very real People Goodman s latest combines fantastical flourishes an imagined video game called Underworld and realistic Cambridge details in a narrative about art and ambition The Boston Globe Allegra Goodman creates suspense where you might least expect to find it The Atlantic
