

Eric Rohmer

Derek Schilling

Eric Rohmer:

Eric Rohmer Derek Schilling,2019-01-04 Few filmmakers have taken the principle of the talking picture so far as Eric Rohmer the internationally renowned director of the Moral Tales Comedies and Proverbs and Tales of the Four Seasons cycles Occasionally dismissed as precious or overly literary Rohmer's features may leave the impression that there is more to listen to than to look at Yet as the secretive director b Maurice Scherer in 1920 points out dialogue is no less engaging than the best gunfights and if his characters prefer discussing love to making it they are no less the heroes of the stories they tell Charges of political conservatism aside the author of My Night at Maud's Summer and such period films as Perceval and the all digital The Lady and the Duke emerges like Hitchcock before him as a singular inventor of cinematic forms This critical overview which contains an extensive bibliography and a filmography will appeal to students of Film Studies French Studies and enthusiasts *Eric Rohmer* Fiona Handyside,2013-01-17 The 1969 film *Ma Nuit chez Maud* catapulted its shy academic film director Eric Rohmer 1920 2010 into the limelight selling over a million tickets in France and earning a nomination for an Academy Award *Ma Nuit chez Maud* remains his most famous film the highlight of an impressive range of films examining the sexual romantic and artistic mores of contemporary France the temptations of desire the small joys of everyday life and sometimes the vicissitudes of history and politics Yet Rohmer was almost fifty years old when *Maud* was released and had already had a career as the editor of *Cahiers du Cinéma* a position he lost in a political takeover in 1963 The interviews in this book offer a range of insights into the theoretical critical and practical circumstances of Rohmer's remarkably coherent body of films but also allow Rohmer to act as his own critic providing us with an array of readings concerning his interest in setting season color and narrative Alongside the application of a theoretical rigor to his own films Rohmer's interviews also discuss directors as varied as Godard Carné Renoir and Hitchcock and the relations of film to painting architecture and music This book reproduces little known interviews such as a debate Rohmer undertakes with *Women and Film* concerning feminism alongside detailed discussions from *Cahiers* and *Positif* many produced in English here for the first time **Eric Rohmer** K. Tester,2008-02-15 Since the 1950s Eric Rohmer has been one of the major presences in French cinema as critic and director This book is a sophisticated engagement with his work in which Keith Tester argues that Rohmer is not the naïve realist he is often claimed to be Instead his films are revealed as a sustained exercise in Catholic theology **The Films of Eric Rohmer** L. Anderst,2014-03-13 Eric Rohmer was a key figure in French New Wave cinema Contributors to this volume revisit complicate and upend accepted readings and interpretations of perennial Rohmerian topics including the important role of language in his films the influence of the arts depictions of gender and class and the roles played by space and place in his films *Eric Rohmer* Colin Crisp,1988-06-22 Here for the first time in English is a comprehensive analysis of Eric Rohmer's work Rohmer an enormously influential figure in shaping postwar realist film theory and later in the development of the French New Wave has been largely ignored in film studies while others of the New Wave movements

such as Truffaut and Godard have received considerable attention In Eric Rohmer Realist and Moralist Crisp thoroughly examines Rohmer s films performing structuralist psychoanalytical and ideological analyses of each He further evaluates the connections between these films and Rohmer s realist film theory Finally Crisp s impressive study situates Rohmer s work ideologically within the historical context of French cinema after World War II and gives due recognition to the achievements of this director within the realms of film theory and filmmaking

Eric Rohmer Vittorio Höslé,2016-07-28 Rohmer is one of the most popular French directors of the second half of the 20th century one of the members of the famous Nouvelle Vague that reconstituted French cinema based on the theoretical principles articulated in the Cahiers du Cin ma from whose editorship he was fired when the conservative Catholic opposed its turn toward politicization Like some of his colleagues Rohmer is extremely interested in both the history and the philosophy of film Brother of the noted French philosopher Ren Scherer he begins his career as a film critic In his films deep moral conflicts as well as the search for one s own identity emerge from the intricacies of seemingly superficial everyday life interactions particularly between a man and a woman H sle s book puts Rohmer in the context of a long French tradition of reflected eroticism with Marivaux Musset Stendhal and Jean Renoir as crucial figures and shows how Rohmer both recognizes the inner logic of eroticism and subjects it to moral demands that he inherits from his Catholic background For Rohmer the tension between the two can usually only be solved by some unexpected event that can be interpreted as an equivalent of grace

Eric Rohmer Joël Magny,1986 The Cinema of Eric Rohmer Jacob Leigh,2012-05-03 Presents in chronological order the themes and ideas of his twenty three feature films and the complexity of their cinematic style *Éric Rohmer* Pascal Bonitzer,1996 **French Film** Susan Hayward,Ginette Vincendeau,2000 This excellent book analyzes key French films in their cultural context and explores their relation to literary texts and popular ideas of national history

The Planetary Clock Paul Giles,2021 Ranging over various aesthetic forms literature film music in the period since 1960 this volume brings an antipodean perspective into conversation with the art and culture of the Northern Hemisphere to reformulate postmodernism as a properly global phenomenon

Interviews with Eric Rohmer Eric Rohmer,2012-02 In a career that spanned six decades Eric Rohmer 1920 2010 earned a reputation as one of France s most incisive eloquent and free spirited film directors A leading light of the French New Wave he crafted films of immense beauty and poetry throughout his career his work demonstrated a consistency of style and theme yet retained a freshness and youthful vigour His first full length film The Sign of Leo was released in 1959 the same year that Jean Luc Godard and Fran ois Truffau

The Taste for Beauty Eric Rohmer,1989 A collection of essays by the film maker and critic Eric Rohmer written between 1948 1979

A Bibliography for the Study of French Literature and Culture Since 1885 Sheri Dion,2012-09 The New Wave James Monaco,1976 Analyse van de Nouvelle Vague een stroming in de Franse film uit de jaren 1960 1970 gezien vanuit Amerikaans standpunt

Music in Films on the Middle Ages John Haines,2013-10-30 This book explores the role of music in the some five hundred feature length films on

the Middle Ages produced between the late 1890s and the present day Haines focuses on the tension in these films between the surviving evidence for medieval music and the idiomatic tradition of cinematic music The latter is taken broadly as any musical sound occurring in a film from the clang of a bell off screen to a minstrel singing his song Medieval film music must be considered in the broader historical context of pre cinematic medievalisms and of medievalist cinema s main development in the course of the twentieth century as an American appropriation of European culture The book treats six pervasive moments that define the genre of medieval film the church tower bell the trumpet fanfare or horn call the music of banquets and courts the singing minstrel performances of Gregorian chant and the music that accompanies horse riding knights with each chapter visiting representative films as case studies These six signal musical moments that create a fundamental visual aural core central to making a film feel medieval to modern audiences originate in medievalist works predating cinema by some three centuries

The Reel Middle Ages Kevin J. Harty,2006-03-15 Those tales of old King Arthur Robin Hood The Crusades Marco Polo Joan of Arc have been told and retold and the tradition of their telling has been gloriously upheld by filmmaking from its very inception From the earliest of Georges Melies s films in 1897 to a 1996 animated Hunchback of Notre Dame film has offered not just fantasy but exploration of these roles so vital to the modern psyche St Joan has undergone the transition from peasant girl to self assured saint and Camelot has transcended the soundstage to evoke the Kennedys in the White House Here is the first comprehensive survey of more than 900 cinematic depictions of the European Middle Ages date of production country of origin director production company cast and a synopsis and commentary A bibliography index and over 100 stills complete this remarkable work

Cinema Arthuriana Kevin J. Harty,2002-01-01 The legends of King Arthur have not only endured for centuries but also flourished in constant retellings and new stories built around the central themes of the legends Clearly soon after movie making was underway Arthur was destined to hit the screen This revised edition of Cinema Arthuriana presents 20 essays on the topic of the recurring presence of the legend of King Arthur in film and television from 1904 to 2001 Four of the essays included are taken directly from the previous edition ten are revised from the original and six are newly written The essays cover such films as Excalibur 1981 Monty Python and the Holy Grail 1975 television productions up to the televised version of The Mists of Avalon 2001 and French and German films about the Quest for the Holy Grail and the other adventures of King Arthur and the Knights of the Round Table

A History of the French New Wave Cinema Richard Neupert,2007-02-19 The French New Wave cinema is famous for its exuberance daring and avant garde techniques This is a look at the social economic and aesthetic mechanisms that shaped French film in the 1950s as well as detailed studies of the most important New Wave movies of the late 1950s and early 1960s
