The Plays of Georg Büchner Georg Büchner, 1971 **Georg Büchner** Georg Büchner, 2012 Few writers have transformed literature and theatre so dramatically as Georg Buchner Each text is accompanied by explanatory annotations The introduction examines the complexities of Buchner's short life A History of Nihilism in the Nineteenth Century Jon Stewart, 2023-03-30 A rich expansive book reaching beyond philosophy to literature and the history of ideas with strong appeal to diverse readers Commitment and Compassion, 2015-06-24 The writer scientist philosopher and radical democrat Georg Buchner 1813-1837 occupies a unique place in the cultural legacy of the German speaking countries Born into an epoch of inevitable yet arrested historical transition Buchner produced a small but exceptionally rich body of work This collection of essays in English and in German considers the full spectrum of his writings the political pamphlet *Der Hessische Landbote* the dramas *Danton's Tod* *Leonce und Lena* *Woyzeck* and the fragmentary narrative *Lenz* as well as the letters the philosophical lectures on Descartes and Spinoza and the scientific texts The essays examine connections between these works study texts in detail debate ways of editing them and trace their reception in contemporary literature and film The novel readings presented here not only celebrate Buchner on the eve of his bicentenary birthday but also insert this untimely figure into discussions of the revolution restoration dynamic and realism in poetics and politics *Romanticism and the Sciences* Dr. Andrew Cunningham, Nicholas Jardine, 1990-06-28 This book presents a series of essays which focus on the role of Romantic philosophy and ideology in the sciences **Georg Büchner** John Reddick, 1994 Unflagging revolutionary closet Christian extreme nihilist Different periods and critics have interpreted Georg Buchner in a variety of ways Although he died when only twenty three Buchner's handful of works count among the greatest achievements of modern German writing and seem to speak with ever greater power and immediacy This is the first major new study of Buchner in English for nearly twenty years and it includes original readings of works such as *Danton's Tod* *Leonce und Lena* and *Woyzeck* John Reddick provocatively argues that Buchner was aesthetically so far ahead of his time mainly because he was seriously behind the times in his essentially idealist premises and aspirations *Love, Lust, and Rebellion* Reinhold Grimm, 1985 **Georg Büchner**, 2017-03-06 Georg Buchner Contemporary Perspectives examines the continuing relevance

of Büchner in the early twenty first century in terms of politics science philosophy aesthetics cultural studies and performance studies It situates Büchner's interdisciplinary work in relation to the philosophical scientific and religious discourses of his time while also investigating the ways in which Büchner's intersectional writings anticipated sometimes uncannily questions and problems which were to become central concerns in modernism and after The nineteen essays in the book some in English and some in German uniquely combine close readings of individual passages and images with wide ranging intertextual comparisons linking Büchner to more than twenty five writers thinkers and theoreticians from his time and ours Der Band Georg Büchner Contemporary Perspectives beschäftigt sich mit Büchners anhaltender Aktualität in den Bereichen Politik Naturwissenschaft Philosophie Ästhetik Kulturwissenschaft und Theater Er setzt Büchners interdisziplinäres Werk in Beziehung zu den philosophischen naturwissenschaftlichen und religiösen Themen seiner Zeit untersucht aber auch wie sein Schreiben auf manchmal verblüffende Weise Fragen und Probleme vorwegnimmt die für die Moderne und die Nachmoderne bis zum heutigen Tag zentral werden sollten Die neunzehn teils auf Englisch teils auf Deutsch verfassten Beiträge zeichnen sich dadurch aus dass sie eingehende Einzelinterpretationen bestimmter Werkstellen mit weitreichenden intertextuellen Bezügen zu mehr als 25 SchriftstellerInnen KünstlerInnen DenkerInnen und TheoretikerInnen verbinden

Tragedy Walks the Streets Matthew S. Buckley, 2006-09-19 Tragedy Walks the Streets challenges the conventional understanding that the evolution of European drama effectively came to a halt during France's Revolutionary era In this interdisciplinary history on the emergence of modern drama in European culture Matthew S Buckley contends that the political theatricality of the Revolution tested and forced the evolution of dramatic forms supplanting the theater itself as the primary stage of formal development Drawing on a wide range of texts and images he demonstrates how the social and political enlistment of dramatic theatricality inflected rising social and political tensions in pre Revolutionary France shaped French Revolutionary political culture conditioned British political and cultural responses to the Revolution and served as the impetus for Büchner's radical formal innovations of the 1830s Setting aside traditional boundaries of literary scholarship Buckley pursues instead a history of dramatic form that encompasses the full range of dramatic activity in the changing cultural life of the late eighteenth and early nineteenth century including art architecture journalism political performance and social behavior Surveying this expanded field of inquiry Buckley weaves together a coherent formal genealogy of the drama during this

period and offers a new more continuous generic history of modern drama in its first and most turbulent phase of development
