

# Red Level L Vocabulary

## How to use this product:

Hello! Thank you so much for purchasing this product! I found as I was doing LLL lessons with my students that there was a quick and easy way to incorporate vocabulary practice into the lessons. After we finished reading and discussing a book, I have students go back and find one word they did not know how to say, how to spell, or didn't know what it means. If I have access to the LLL writing books I just have students write their words on a list on the word work side. Then students look up their definitions on an iPad. You could also use regular dictionaries or any other type of technology you have access to (reference books, tablets, laptops, etc.).

Then students must write the definition down next to the word. The crucial part of this vocabulary work is every time we write a new word down students must read over their old words. So as their list of words grows the more words they are reading every time. This helps them remember these words when they see them again in a other book.

I've found that this takes only a few minutes once the students get in to the routine of finding words and writing them down. My students always want to be the first to read me their words!

I decided that not all groups have access to the LLL writing books-or might be using the word work section for something different or maybe it's just easier to have a separate space specifically for vocabulary words for students working on writing really-so I created these sheets that give students space to write down their word, the page number where they found it and then the definition.

There are two versions of the sheet-one with all the **Red Level L** book titles already typed in for students and a blank sheet where students must fill in all the book titles before putting their word.

*I hope you enjoy this product! Please rate this product and let me know what you think!*

Sincerely,  
The Positive Pencil
