These poems, some of them republished here for the first time, help extend and enrich our understanding of Ovid's influence on early modern literature. All texts have been fully modernised and annotated, rendering them accessible to students and general readers as well as scholars of the period.

The Home Brewer's Recipe Database, 3rd edition - hard cover Les Howarth, 2016-01-13 This is not a recipe book. It is a database of ingredient information that should assist the home or craft brewer in creating their own recipes in order to attempt the replication of commercial beers, many of which are no longer in production. Instructions on how to convert the supplied ingredient information into recipes customised to the brewer's own equipment and technique are provided. This book also provides inspiration to brewers wishing to experiment with different ingredients, since it gives an interesting insight into how professional brewers have used them in their own brews.
