Frame Focus:

Metaphor Eva Feder Kittay, 1990 This book provides a comprehensive philosophical theory explicating the cognitive contribution of metaphor Metaphor effects a transference of meaning not between two terms but between two structured domains of content or semantic fields Semantic fields construed as necessary to a theory of word meaning provide the contrastive and affinitive relations that govern a term's literal use In a metaphoric use these relations are projected into a second domain which is thereby reordered with significant cognitive effects The book is a detailed revision and refinement of the semantic theory of metaphor Taking into account pragmatic considerations and recent linguistic and psychological studies the author forges a new understanding of the relation between metaphoric and literal meaning She amply illustrates her thesis with sensitive and systematic analyses of metaphors found in literature philosophy science and everyday language
