Herron,2023-05-05 The Story of the B 52s Neon Side of Town is the first critical history of one of the most legendary and influential bands in American popular music Locating The B 52s in the intellectual climate of their hometown of Athens GA and following the band from New York s downtown scene in the early 1980s to their upcoming farewell tour the book argues that The B 52s are much more significant political and musical influences on American society than their reputation as a silly party band suggests and that their ongoing commitment to values including cooperation mutual support and using disruptive fun as a form of social change are an antidote to the neoliberalization sweeping both Athens and the rest of the Western world For example the book shows how the band synthesized influences from the modern artists displayed at the University of Georgia art museum early queer activism on campus in the 1970s and their experiences as queer people living through the AIDS crisis to create music that continues to be artistically and politically influential today The authors are active members of the Athens GA music scene and the book includes original interviews with a range of number close to the band Musical Merchandise Review ,1960 Adult Catalog: Subjects Los Angeles County Public Library,1970 Modern Drummer ,2002
