THE GREATER OF TWO EVILS

Greater Of Two Evils

Greater Of Two Evils:

Hobbes on Resistance Susanne Sreedhar,2010-09-02 Hobbes s political theory has traditionally been taken to be an endorsement of state power and a prescription for unconditional obedience to the sovereign s will In this book Susanne Sreedhar develops a novel interpretation of Hobbes s theory of political obligation and explores important cases where Hobbes claims that subjects have a right to disobey and resist state power even when their lives are not directly threatened Drawing attention to this broader set of rights her comprehensive analysis of Hobbes s account of political disobedience reveals a unified and coherent theory of resistance that has previously gone unnoticed and undefended Her book will appeal to all who are interested in the nature and limits of political authority the right of self defense the right of revolution and the modern origins of these issues The Theory of Good and Evil Hastings Rashdall,1907 Decline and Fall of All Evil

Seymour Lessans,2015-09-01 Many theories as to how world peace could be achieved have been proposed yet war has once again taken its deadly toll in the 21st century The dream of peace has remained an unattainable goal until now The following pages reveal a scientific discovery regarding a psychological law of man s nature never before understood This finding was hidden so successfully behind layers and layers of dogma and misunderstanding that no one knew a deeper truth existed Once this natural law becomes a permanent condition of the environment it will allow mankind for the very first time to veer in a different direction preventing the never ending cycle of hurt and retaliation in human relations Although this discovery was borne out of philosophical thought it is factual not theoretical in nature **Official Reports of the Debates of the**
