Tyler,1964 Here is a thorough and long needed presentation of the nature of the Pueblo gods and myths The Pueblo Indians which include the Hopi Zuni and Keres groups and their ancestors are closely bound to the Plateau region of the United States comprising much of the area in Utah Colorado and especially in recent years New Mexico and Arizona The principal god of the Hopi tribe was and is Masau u the god of death Masau u is also a god of life in many of its essentials There is an unmistakable analogy between Masau u and the Christian Devil and between Masau u and the Greek god Hermes who guided dead souls on their journey to

the nether world Mr Tyler has drawn many useful comparisons between the religions of the Pueblos and the Greeks Because there is a widespread knowledge of the Greek gods and their ways the author writes many people will thus be at ease with the Pueblo gods and myths Of utmost importance is the final chapter of the book which relates Pueblo cosmology to contemporary Western thought The Pueblos are men and women who have faced and are facing problems common to all mankind The response of the Pueblos to their challenges has been tempered by the role of religion in their lives This account of their epic struggle to accommodate themselves and their society to the cosmic order is must reading for historians ethnologists students of comparative religion and for all who take an interest in the role of religious devotion in their own lives
