

A scenic view of a rocky coastline at sunset or sunrise. The sky is filled with soft, golden light, and the sun is visible through a gap in the dark, jagged rock formations. The foreground shows a sandy path leading through the rocks towards the ocean. The water is calm, reflecting the light from the sky.

Trying and failing is better
than not trying at all.

Failing Better:

Fail Better Anjali Sastry, Kara Penn, 2014-10-14 If you're aiming to innovate failure along the way is a given. But can you fail better? Whether you're rolling out a new product from a city view office or rolling up your sleeves to deliver a social service in the field, learning why and how to embrace failure can help you do better, faster. Smart leaders, entrepreneurs, and change agents design their innovation projects with a key idea in mind, ensure that every failure is maximally useful. In Fail Better, Anjali Sastry and Kara Penn show how to create the conditions, culture, and habits to systematically, ruthlessly, and quickly figure out what works in three steps: 1. Launch every innovation project with the right groundwork. 2. Build and refine ideas and products through iterative action. 3. Identify and embed the learning. Fail Better teaches you how to design your efforts to test the boundaries of your thinking, explore crucial interdependencies, and find the factors that can shift results from just acceptable to groundbreaking or even world-changing. Practical instructions intertwined with compelling real-world examples show you how to make predictions and map system relationships ahead of time so you can better assess results. Establish how much failure you can afford. Prioritize project activities for disconfirmation and iteration. Learn from every action step by collecting and examining the right data. Support efficient, productive habits to link action and reflection. Distill, share, and embed the lessons from every success and failure. You may be a Fortune 500 manager, scrappy start-up innovator, social impact visionary, or simply leading your own small project. If you aim to break through without breaking the bank or ruining your reputation, this book is for you. *Fail, Fail Again, Fail Better* Pema Chödrön, 2015-09-01 When her granddaughter was accepted to Naropa University, the celebrated author Pema Chödrön promised that she'd speak at the commencement ceremony. Fail, Fail Again, Fail Better contains the wisdom shared on that day. What do we do when life doesn't go the way we hoped? Begins Pema: We say, "I'm a failure." But what if failing wasn't just okay, but the most direct way to becoming a more complete, loving, and fulfilled human being? Through the insights of her own teachers and life journey, Pema Chödrön offers us her heartfelt advice on how to face the unknown in ourselves and in the world, and how our missteps can open our eyes to see new possibilities and purpose. For Pema's millions of readers, prospective graduates, or anyone at a life crossroads, this gem of clarity and reassurance is sure to find a welcome place in many a kitchen, office, and backpack.
