Forms Of Brief Therapy

George Stricker, Thomas A. Widiger

Forms Of Brief Therapy:

Forms of Brief Therapy Simon H. Budman, 1981-01 With accountability fast becoming the byword of the age psychotherapists are challenged to demonstrate both the therapeutic and cost effectiveness of their interventions While traditionally these two goals have been considered mutually exclusive new research on the briefer therapies appears to show that less can sometimes be more Fewer sessions of a carefully planned focused and well executed short term intervention may contribute more to positive change than protracted analysis *Forms of Brief Therapy* is the first volume to comprehensively and critically address the issue of how the element of time can be used as a therapeutic tool in psychodynamic and behavioral systems and across individual couple family and group interventions The authors put to rest the pervasive myth that there is an ideal specific duration for most therapy Instead they offer a variety of approaches that combine careful examination and integration of presenting problems and patient characteristics At times evaluation may indicate as many as fifty sessions In other cases as evidenced with special force in Bloom's provocative presentation just a single focused session may suffice As Weiss and Jacobson put it in their marital therapy contribution the purpose of this book is to structure therapy that is brief by design rather than by default The contributors to *Forms of Brief Therapy* are among the most renowned practitioners and thinkers in their respective fields Their critical overviews of research and pragmatic analyses of therapy design will prove highly instructive to clinical researchers and teachers who wish to better understand the relationship of therapeutic structure to underlying mechanisms of change Mental health practitioners will find this volume eminently useful in their daily work It provides explicit recommendations for patient selection evaluation and choice of therapeutic techniques which are richly illustrated by case materials Unexcelled as clinical guide and reference *Forms of Brief Therapy* is also ideally suited as a textbook for psychotherapy courses

The Practice of Brief Psychotherapy Sol L. Garfield, 1998-09-10 Since its publication almost a decade ago Sol L. Garfield's *The Practice of Brief Psychotherapy* has become the definitive training text and professional guidebook on brief psychotherapy with an eclectic point of view But even as managed care has made the practice of brief psychotherapy a mainstay for many therapists it has become increasingly difficult for clinicians and trainees to keep pace with fresh developments in the field This revised edition brings Dr. Garfield's classic straight to the cutting edge of current practice providing a comprehensive integrated picture of brief therapy based upon up to date procedures and research findings Written by one of the founding fathers of brief psychotherapy *The Practice of Brief Psychotherapy* Second Edition includes appraisals of the latest research on evaluation techniques treatment guidelines effectiveness and validated therapies It walks today's clinician step by step through the basic aspects of the therapeutic process moving through every stage from initial interview through termination and posttherapy appraisal As in the successful first edition this book is results oriented focusing on procedures and findings from diverse therapeutic approaches for their usefulness in achieving positive outcomes Shedding light on crucial therapeutic variables in

psychotherapy it explores common and specific factors of therapeutic value that transcend individual methodologies and techniques Timely and more relevant than ever this Second Edition of The Practice of Brief Psychotherapy gives clinicians counselors and students an excellent and broad based practical reference on brief psychotherapy a powerful and flexible clinical tool for their work Over the course of his long and distinguished career Sol L Garfield has received numerous prestigious awards including the American Psychological Association's Distinguished Contribution to Knowledge Award the Distinguished Contribution to Clinical Psychology Award from the APA's Division of Clinical Psychology the Society for Psychotherapy Research Distinguished Research Career Award and the Council of University Directors of Clinical Psychology 3rd Annual Award for Outstanding Contributions to Clinical Training He is the author or editor of many books notably the Handbook of Psychotherapy and Behavior Change coedited with A E Bergin now in its fourth edition and Psychotherapy An Eclectic Integrative Approach both published by Wiley Dr Garfield has also contributed over 150 journal articles or chapters to edited volumes Praise for the First Edition A well written and useful approach to brief therapy Clinical Psychology Review Provides a lucid and approachable discussion of each of the ingredients that go into the brief psychotherapy mixture Contemporary Psychology This revised edition of Sol L Garfield's The Practice of Brief Psychotherapy brings his classic work fully up to date with the latest developments in the field from recent research findings and trends in managed care to new viewpoints and approaches to psychotherapy Like its predecessor this edition offers an eclectic approach to brief psychotherapy based upon what works favoring procedures that appear most appropriate for a given case and whose effectiveness is backed by empirical research support The result is an accessible and comprehensive resource that is of outstanding practical value to practitioners and students of brief psychotherapy and counseling

Handbook of the Brief Psychotherapies Richard A. Wells, Vincent J. Giannetti, 2013-11-22 The last two decades have seen unprecedented increases in health care costs and at the same time encouraging progress in psychotherapy research On the one hand accountability cost effectiveness and efficiency have now become commonplace terms for providers of mental health services whereas on the other hand an increasingly voluminous literature has emerged supporting the effectiveness of a number of types of psychotherapies There now exists the possibility for the design and delivery of mental health services that drawing upon this literature more closely approximate empirically established data concerning the appropriateness and effectiveness of psychotherapy The Handbook of the Brief Psychotherapies is intended to capture one major thrust of this movement the development of a group of empirically grounded time limited therapies all sharing a common interest in the clinical utilization of a structured focus and an emphasis on time and action For many years professional self interest competing theoretical paradigms and the vagaries of practice wisdom and clinical myth have influenced the practice of psychotherapy A critical questioning of the resulting predominantly nondirective open ended and global therapies has led to a growing emphasis on action oriented problem focused time limited therapies Yet ironically this interest in the brief psychotherapies

has not so much involved a radical departure from traditional therapeutic modalities as it has emphasized a new pragmatism about how time action and structure operate in life as well as in therapy

Brief Counseling for Marijuana Dependence: A Manual for Treating Adults U.S. Department of Health and Human Services, 2019-11-23 This manual for Brief Marijuana Dependence Counseling BMDC is based on the research protocol used by counselors in MTP The manual provides guidelines for counselors social workers and psychologists in both public and private settings who treat adults dependent on marijuana The 10 weekly one on one sessions in the BMDC manual offer examples of how a counselor can help a client understand certain topics keep his or her determination to change learn new skills and access needed community supports exhibit I 1 Stephens and colleagues 2002 describe the MTP rationale design and participant characteristics Findings from MTP are presented in supplemental reading B of section VII

The Corsini Encyclopedia of Psychology and Behavioral Science, Volume 3 W. Edward Craighead, Charles B. Nemeroff, 2002-11-11 A comprehensive reference for psychology research and practice The Corsini Encyclopedia of Psychology and Behavioral Science Volume 3 provides researchers practicing psychologists teachers and students with an exhaustive reference for the field Covering psychological and behavioral conditions treatments testing diagnoses and much more this invaluable resource provides information on over 1 200 topics across four volumes This Third Edition features new coverage of biomedical research and neuroscience findings to reflect the growing impact of evidence based treatment and includes profiles of influential psychologists and psychological organizations from around the world

Brief Person-Centred Therapies Keith Tudor, 2008-06-24 This is a book that the person centered psychotherapy community has been waiting for this book opens a creative space in which the ongoing conversation about therapeutic efficacy in times of shrinking resources can be successfully engaged Professor Maureen O Hara Chair Department of Psychology National University La Jolla California A wide ranging and scholarly book which shows that person centred therapy is fully alive to the challenges of the twenty first century and is breaking new ground both clinically and theoretically Professor Brian Thorne Emeritus Professor of Counselling University of East Anglia Likely to be of interest to anyone involved in counselling Times Higher Education Magazine May 2009 Can the person centred approach work in time limited psychotherapy and counselling This is a question that many practitioners grapple with as demand for brief therapy increases particularly in the public sector Brief Person Centred Therapies is the first book to tackle the subject bringing together the experience and insights of a leading international team of person centred therapists The book examines the philosophical and theoretical fit between the person centred approach and brief therapy It also explores the issues which arise when working briefly in a range of different settings including primary care higher education business and prison with couples and groups Brief Person Centred Therapies is essential reading for all person centred trainees and for practitioners who want to work in services where brief or time limited work is required or favoured Keith Tudor is a UKCP registered psychotherapist and has a private independent practice in Sheffield offering therapy supervision and consultancy

Personality and the Behavioral Disorders Norman S. Endler, Joseph McVicker Hunt, 1984 Personality and the Behavioral Disorders 2nd Edition published in two volumes and organized in six parts is a revision of J McVicker Hunt's classic source book on the scientific foundations of clinical psychology and psychiatry

Practicum and Internship John C. Boylan, Judith Scott, Christin M. Jungers, 2013-07-04 Completely revised and updated the fourth edition of Practicum and Internship carries on the tradition of the previous editions as a popular and highly useful textbook and resource guide It continues to be a comprehensive resource for students and their supervisors throughout the counseling and psychotherapy process providing thorough coverage of both the theoretical and practical aspects of the practicum and internship process This text guides students through the important pre professional training experiences from the selection of an appropriate practicum site to the final evaluation of the internship Organizing the content into four sections for clarity and ease of use the authors discuss all the relevant information regarding the practicum experience preparation for the internship the internship experience and evaluation and important ethical and legal considerations New in this edition are a listing and description of the various counseling theories and techniques a section on crisis intervention and response detailed guidelines for school mental health consultation and forms for evaluating performance cognitive and consulting skills Forms are provided at the end of the book for the student's use in site selection assessment client treatment and performance feedback and evaluation These forms are also included in electronic format on an accompanying CD to allow students to modify and reuse them

Journal of Applied Rehabilitation Counseling, 1999

The Medical Brief, 1902

Introduction to the Counseling Profession Douglas R. Gross, 1997 An introductory text featuring a focus on the personal dynamics of a counselor and presentation of material not often addressed to beginning students Coverage includes counseling from a rehabilitative perspective brief therapies client diagnosis and assessment based on DSM IV mental health counseling and counseling special populations Designed for students taking a preliminary course and considering entering the counseling profession Annotation copyrighted by Book News Inc Portland OR

Personality Styles and Brief Psychotherapy Mardi Jon Horowitz, Mardi Horowitz, 2001-08 Written for therapists working with people in distress this book describes the links between crisis and personality style and offers a plan for approaching cases with these connections in mind The authors discuss ways to help patients learn new coping strategies modify enduring attitudes and improve their relational patterns The chapters outline the history of brief dynamic psychotherapy describe an approach focused on current stressors apply configurational analysis to case formulation and review and detail five personality types

Introduction to Counseling Michael S. Nystul, 2006 This book provides an overview of the counseling profession It is written from the perspective of counseling and psychotherapy as both an art and a science The first of the book presents an overview of counseling and the counseling process The second part of the book provides information on formulating a personal approach to counseling with a multicultural perspective The third part of the book addresses special approaches and settings for counselors

Brief Treatment and a New Look at the Task-centered

Approach Laura Epstein,1992 *Doing What Works in Brief Therapy* Ellen K. Quick,2008-03-11 *Doing What Works in Brief Therapy* A Strategic Solution Focused Approach is both a set of procedures for the therapist and a philosophy one that is shared with clients and one that guides the work of the therapist This second edition continues its excellence in offering clinicians a guide to doing what works in brief therapy for whom and when and how to use it Psychotherapy that follows these guidelines validates the client s most important concerns and it often turns out to be surprisingly brief Author Ellen Quick integrates strategic and solution focused therapy and includes guidelines for tailoring technique and interventions to client characteristics and preferences With clinically rich examples throughout this book offers applications for couples including indications for individual or conjoint sessions Chapter summaries highlighting key points Presents ways of eliciting what clients most want to remember Describes the Doing What Works Group including outcome research findings and all materials needed to run the group Addresses the relationship among the positive psychology movement and this approach and the potential for collaboration Emphasizes an acceptance based stance and how acceptance commonly leads to change Proposes that doing what works and changing what doesn t can provide a transtheoretical perspective for therapists of any orientation Handbook of Psychotherapy and Behavior Change Allen E. Bergin,Sol L. Garfield,1994 A revised and updated summary of current research developments in psychotherapy and behavioural changes which is aimed specifically at students of clinical psychology social work and counselling **Handbook of Psychology, Clinical Psychology** George Stricker,Thomas A. Widiger,2003-01-03 Includes established theories and cutting edge developments Presents the work of an international group of experts Presents the nature origin implications an future course of major unresolved issues in the area **Psychiatry** ,1982 **Introduction to the Counseling Profession** David Capuzzi,Douglas R. Gross,2004 This book aims to give a self contained presentation of a number of results which relate the volume of convex bodies in n dimensional Euclidean space and the geometry of the corresponding finite dimensional normed spaces The methods employ classical ideas from the theory of convex sets probability theory approximation theory and the local theory of Banach spaces The book is in two parts The first presents self contained proofs of the quotient of the subspace theorem the inverse Santalo inequality and the inverse Brunn Minkowski inequality The second part gives a detailed exposition of the recently introduced classes of Banach spaces of weak cotype 2 or weak type 2 and the intersection of the classes weak Hilbert space The book is based on courses given in Paris and in Texas **Baker Encyclopedia of Psychology & Counseling** David G. Benner,Peter C. Hill,1999 Contains over one thousand alphabetically arranged articles that present information about topics related to psychology from a Christian point of view covering the areas of personality psychopathology psychotherapy and other treatment approaches major systems and theories of psychology and the psychology of religion
