MEMORANDUM FOR: Mr. McGeorge Bundy
Special Assistant to the President
The White House

SUBJECT: World Reaction to Developments in Viet-Nam

Some sympathy for the U. S. dilemma in Viet-Nam has emerged in the last week, particularly in Western Europe, but most comment is still critical of U.S. policies. There is virtually no sympathy for the Diem regime, except in South Korea and the Philippines where officials see Diem as the only available anti-communist bulwark. This applies to some extent to Thailand as well.

De Gaulle's oral intervention was criticized widely in France except by the papers traditionally supporting him. It drew only limited comment elsewhere.

FAR EAST

The situation in Viet-Nam continues to receive major news play but editorial comment has slackened during past week. Available comment, both media and official, has tended to focus on the question of continued U.S. support for the Diem regime. Reference to the possibility of a neutralized Viet-Nam, as implied by De Gaulle, has been limited. Buddhist groups in Thailand, Burma and Cambodia continue to agitate against GVN treatment of Buddhists. Peking and Hanoi reports now reflect belief that U.S. may eventually replace Diem but that this will not affect the war.

WESTERN EUROPE

Viet-Nam crisis remains the subject of continuing and extensive news coverage and considerable editorial comment in the West European press. Comment has been almost totally critical of the Diem family regime. Though not uncritical of some American moves, the majority of non-communist papers display considerable sympathy for the U.S. dilemma, and have offered few concrete suggestions for remedies. Recent news coverage has played up U.S. alleged participation in anti-Diem moves but editorial comment on this subject is not yet available.
