analysis impassioned argument and even song lyrics they discuss how the concept of privatization has evolved and look at the different forces that work for and against it emphasizing the extreme anti government ideology motivating many privatization advocates And they outline principles and practices for combating privatization and its proponents The Fox in the Henhouse makes a powerful case that the market is not the measure of all things and that a vital public sector is an indispensable component of a healthy democracy **Grimm's fairy tales for children and the household, tr. by B.
