**God's Mystery That Is Christ** Seok Lyun Chang Soppe, 2014-04-07 At some point during our religious journey we have to ask ourselves the questions How much do we really know God Are we spiritually dead or alive And what phase is our faith in Beginning with the first chapter of Genesis Gods mystery is hidden throughout the Bible This book sets forth the importance of the creation story and describes the significance of each day In addition it reveals the secret of the Trinity and the meaning of Revelations Armageddon war including the seven seals trumpets bowls and the 666 Gods intentions are hidden in the Bible A certain level of openness to the Bible is required to uncover Gods mystery that is hidden within it This book was written for those who are on a quest to make a connection with God and to support the readers relationship with Christ It is meant to be read along with The Holy Bible and not in place of it The objective of this book is to challenge our preconceptions about biblical truths so that we may be able to discern Gods intent with the Spirit of Truth This book is a great guide for those who thirst for the Spirit of God It is a must read for all those seeking the Truth The deep intentions within Gods Word are revealed to those who eagerly search for it Rev B So Jin Church of True Life **Is It God's Will?**

Brandon Ambrosino, 2025-09-09 From an acclaimed journalist and a rising star in theological academia a provocative book about human and divine agency in an era of political extremism climate catastrophe and rising violence In the wake of two foiled assassination attempts while Donald Trump was campaigning for President many of his supporters claimed Trump s survival was an act of Divine intervention and a sign that Trump was favored by God In his victory speech Trump alluded to this But his survival prompts other questions Why did God spare Trump but not the retiree sitting behind him Why couldn t God have spared everyone that day And if God is truly omnipotent why do so many children die in gun violence every year To award winning journalist and theologian Brandon Ambrosino these mortal questions provide us with an opportunity to explore the great questions about Divine and human agency especially in relation to human tragedy and a world that seems to be slipping into chaos In this powerful and searching enquiry in the vein of N T Wright and C S Lewis Ambrosino argues that theologians have been poorly equipped to confront these questions because many hang on to an omnipotent model of God Exploring the daily tragedies that so many of us must contend as well as a provocative and challenging reading of Christ s death and resurrection Ambrosino provides us with the tools to understand and process grief but also presents a refreshing portrait of less a God of power and more of one of persuasion who can still provide a residue of hope in a world gone wrong

*God's Grace Is Sufficient* Melisa Rhedrick-Singh, 2019-08-09 God's grace is sufficient for all that transpire in this world. Learning to live a life of grateful worship causes us to walk in the power of God's anointing and to fulfill our eternal destiny that anointed lifestyle restored to intimate relationship with the Creator Redeemer brings the deepest satisfaction to the human heart. The supernatural love, peace, and joy that God gives fill the believer's heart with a passion to know him more, to love him more, and to glorify him in everything they do. And it causes their faith to be overcome by the world. As Christians, we are to tell people everywhere what God has done for us so that people everywhere will believe and obey God, Jesus Christ, the Son of God, bringing him the glory to his name. We are called to belong to Jesus Christ. I am writing to the whole world who are loved by God and are called to be his holy people. May God, our heavenly Father, and our Lord Jesus Christ give you grace and peace in this world and in the heavenly to come. The good news about Christ Jesus is that it is the supernatural power of God.

Light from the East Alexei V. Nesteruk, In this unique volume a new and distinctive perspective on hotly debated issues in science and religion emerges from the unlikely ancient Eastern Orthodox Christian tradition. Alexei Nesteruk reveals how the Orthodox tradition, deeply rooted in Greek Patristic thought, can contribute importantly in a way that the usual Western sources do not. Orthodox thought, he holds, profoundly and helpfully relates the experience of God to our knowledge of the world. His masterful historical introduction to the Orthodox traditions not only surveys key features of its theology but highlights its ontology of participation and communion. From this Nesteruk derives Orthodoxy's unique approach to theological and scientific attribution. Theology identifies the underlying principles, *logoi*, in scientific affirmations. Nesteruk then applies this methodology to key issues in cosmology: the presence of the divine in creation, the theological meaning of models of creation, the problem of time, and the validity of the anthropic principle, especially as it relates to the emergence of humans and the Incarnation. Nesteruk's unique synthesis is not a valorization of Eastern Orthodox thought so much as an influx of startlingly fresh ideas about the character of science itself and an affirmation of the ultimate religious and theological value of the whole scientific enterprise.

*Is it God's Word?* Joseph Wheless, 1926 **God Is . . .** Wesley J. Wildman, 2019-02-27 Your God is too small, way too small. What if God is not a human-like personal being but the God Beyond God of the Christian mystical traditions? What if God is the ultimate reality beyond all beings, including beyond all divine beings, indeed beyond all Being? It's a mind-bending idea. Speaking of God as a human-like personal being is much easier, but people who care about the deepest mystical understandings of God within our traditions need to make the effort to speak about the God Beyond God, despite the difficulties. This book makes the attempt to speak of the God Beyond God in the language of the sermon, using metaphor and potent imagery tuned to the existential intensities of human life. The God Beyond God is closer to us than our jugular veins, vividly present in every moment of our lives. These sermons are practical and moving, and they also resonate with the most rigorous theological understandings of ultimate reality. Their deconstruction of our convenient fantasies about a divine being make these sermons emotionally intense and perhaps not suitable for

beginners in the journey of faith But veteran believers can breathe deeply in the air of these meditations relaxing into the bliss of engaging ultimate reality without delusions without deflections and without controlling the object of our worship
