**Co-ed** Olive Deane Hormel, 1926 *Life of a woman student at the University of Illinois*

*Freedom's Web* Robert A. Rhoads, 1998 Rhoads focuses on the recent upswing in student protests in American higher education, especially as these reflect the broader phenomenon typically referred to as identity politics. This volume will be valuable for those interested in multicultural education and college student personnel administration.

**Choice** **Student Diversity at the Big Three** Marcia Synnott, 2017-09-08 Strengthening affirmative action programs and fighting discrimination present challenges to America's best private and public universities. US college enrollments swelled from 2.6 million students in 1955 to 17.5 million by 2005. Ivy League universities, specifically Harvard, Yale, and Princeton, face significant challenges in maintaining their professed goal to educate a reasonable number of students from all ethnic, racial, religious, and socio-economic groups while maintaining the loyalty of their alumni. College admissions officers in these elite universities have the daunting task of selecting a balanced student body. Added to their challenges is the economic recession of 2008-2009, which negatively impacted potential applicants from lower income families. Evidence suggests that high Standard Aptitude Test (SAT) scores are correlated with a family's socioeconomic status. Thus, the problem of selecting the best students from an ever-increasing pool of applicants may render standardized admissions tests a less desirable selection mechanism. The next admissions battle may be whether well-endowed universities should commit themselves to a form of class-based affirmative action in order to balance the socioeconomic advantages of well-to-do families. Such a policy would improve prospects for students who may have ambitions for an education that is beyond their reach without preferential treatment. As in past decades, admissions policies may remain a question of balances and preferences. Nevertheless, the elite universities are handling admission decisions with determination and far less prejudice than in earlier eras.

*Intercollegian*, 1930 **Time**, 1999 **Trails** Patricia Nelson Limerick, Clyde A. Milner, Charles E. Rankin, 1991 Reexamination of the role of the West in U.S. history and of the field of western history itself, told by ten historians.

*New Westers* Michael L. Johnson, 1996 These New Westers Johnson reveals line dance and two-step, listen to Garth Brooks and George Strait, drink beer from long-neck bottles, wear clothes ordered from Sheplers, watch rodeo on ESPN, play Wild West arcade games, eat fajitas and tacos in stuccoed Mexican cafes, collect Western art and Native American crafts, and vacation in and move to the West. New Westers rewrite the history and biography of the West. They reimagine the West in cowboy sagas and poetry, Native American novels, Mexican American drama, nature writing, revisionist films, eclectic visual artwork, and neo-traditional music. They flock to movies like *Thelma and Louise*, *Unforgiven*, and *Dances with Wolves*, watch mini-series like *Lonesome Dove*, and read bestsellers like *The Crossing* and *All The Pretty Horses*. New Westers are men and women who may or may not have ever hitched up a horse, but who crave connection with the West. At the end of a century of urbanization,

technological change and cultural confusion they seek a more natural home a fuller and wider sense of place and a deeper and more colorful personal identity They also want to revive the dream of the mythic West but on different terms They overrun the Old West and yet strive to preserve it raising troubling new concerns about the differences between the mythic and the real between traditional and contemporary cultural influences
