# Four Quartets

**T.s. Eliot**

## Four Quartets:

*Four Quartets* Thomas Stearns Eliot, 1943 Four long poems are written in a new style which the author calls quartets

**Four Quartets** T.S. Eliot, 1943     **De four quartets** Thomas Stearns Eliot, 1974     *The Four Quartets* T.S. Eliot, 2018-05-13 Four Quartets is a rich composition that expands the spiritual vision introduced in *The Waste Land* Here in four linked poems *Burnt Norton* *East Coker* *The Dry Salvages* and *Little Gidding* spiritual philosophical and personal themes emerge through symbolic allusions and literary and religious references from both Eastern and Western thought It is the culminating achievement by a man considered the greatest poet of the twentieth century and one of the seminal figures in the evolution of modernism     *Four Quartets* ,     **T. S. Eliot Four Quartets** Bernard Bergonzi, 1969 This volume includes statements by Eliot himself early reviews and criticism and appraisals The contributors include A Alvarez Curtis Bradford Donald Davie Denis Donoghue R W Flint Helen Gardner D W Harding R N Higinbotham Hugh Kenner F R Leavis William F Lynch Marshall McLuhan F O Matthiessen George Orwell David Perkins Karl Shapiro C K Stead James Johnson Sweeney and Morris Weitz It is a companion to the Casebooks on *The Waste Land* and *Prufrock Gerontion Ash Wednesday* and *Other Shorter Poems* Publisher s description     [Why Read Four Quartets?](#) Tom Brous, 2017-10-03 Why Read Four Quartets is offered to encourage readers unfamiliar with T S Eliot s masterpiece to take up read and inwardly digest these beautiful and sacred poems Commentary is offered to hopefully make the poems more accessible to a general reader Most critics and commentators do not seem to take Eliot s own spirituality seriously or at least they don t choose to comment on it Literary analysis is often emphasized to the exclusion of viewing the quartets in a personal or biographical manner In sharp contrast to these typical studies this book endeavors to show that the quartets along with his earlier post 1927 poetry *Ariel Poems* and *Ash Wednesday* can be read as the story of Eliot s own mystical journey to the Divine     **The Musical Elements of T.S. Eliot's Four Quartets** Kenneth Warren Rhoads, 1969     [T. S. Eliot's Four Quartets](#) Carl Adolf Bodelsen, 1966 Wanting a son the old man and woman make a clay pot boy who comes to life and begins eating everything in sight     **A Philosophical Study of T.S. Eliot's Four Quartets** Martin Warner, 1999 Presents a penetrating study of Eliot s *Four Quartets* Begins with an account of the intellectual and personal context for Eliot s mature work explaining how his influences shaped his mind then discusses Eliot s own personal circumstances and the contemporary relevance of his work a half century after it appeared offering comparisons with Samuel Beckett A central motif of analysis of *Burnt Norton* is Augustine s discussion of time in relation to subjective memory Other literary references brought to bear on the *Four Quartets* include work by Yeats Milton and St John of the Cross as well as the Bible and the *Bhagavad Gita* Warner is a senior lecturer in philosophy at the University of Warwick UK Annotation copyrighted by Book News Inc Portland OR     *Sixteen Modern American Authors* Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth

century American writers In its new form Sixteenth Modern American Authors it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies Understanding Four Quartets as a Religious Poem Michael D. G. Spencer,2008 While several books have dealt with the Buddhism of T. S. Eliot's Four Quartets none have focused on its Christian aspect though this is more fundamental to the poem **Word Unheard** Harry Blamires,2020-09-10 Eliot's Four Quartets is arguably the finest long poem in modern English literature It is also one that presents considerable problems of interpretation In *Word Unheard* first published in 1969 Blamires aims to unravel some of these problems by guiding the reader line by line through the poem blending paraphrase with commentary Blamires pays particular attention to the philosophical and theological dimensions of the poem and to its multifarious personal historical and literary allusions This title will be of interest to students of literature

The motif of place in T.S. Eliot's "Four Quartets" Ilona Gaul,2008-08-25 Seminar paper from the year 2005 in the subject English Language and Literature Studies Literature grade 2 University of Marburg Anglistik Literaturwissenschaft course T. S. Eliot als Kritiker Dichter und Dramatiker language English abstract The title of Eliot's poetic work Four Quartets already tells that it consists of four poems These are named Burnt Norton East Coker Dry Salvages and Little Gidding Each of them is separated into five sections Eliot wrote them over a period of eight years namely between 1935 and 1942 which was the time of the Second World War Probably it is to a great extent due to mirroring the identity of wartime Britain that Eliot reached with Four Quartets a large public for the first time Today Four Quartets are considered to be Eliot's masterpiece Each poem was separately composed and published as an independent work at first Though each poem is individual they form together a perfect unity Read consecutively each illuminates the others and the symbols employed become richer and more solid with repetition Four Quartets reveal Eliot's insights into the cyclical nature of life by means of themes and images which occur again and again throughout the poems The quartets are regarded as the clearest exposition of Eliot's Christian beliefs The very nature of experience spiritual renewal and connections of the personal and historical present and past are addressed Not only the central aspect of time is important but also the motif of place does play a major role in the quartets Typically enough are the place names each poem bears The places which are mentioned are not simply geographical points they are rather associated with deep emotions *The Limits of Liberalism* Mark T. Mitchell,2018-11-30 In *The Limits of Liberalism* Mark T. Mitchell argues that a rejection of tradition is both philosophically incoherent and politically harmful *The Limits of Liberalism* identifies why most modern thinkers have denied the essential role of tradition and explains how tradition can be restored to its proper place Mitchell demonstrates that the rejection of tradition as an epistemic necessity has produced a false conception of the human person the liberal self which in turn has produced a false conception of freedom Together these false conceptions have facilitated both liberal cosmopolitanism and identity politics Mitchell uses the philosophies of Michael Oakeshott Alasdair MacIntyre and Michael Polanyi to construct a compelling argument for a reconstructed view of

tradition and as a result a reconstructed view of freedom The Limits of Liberalism reveals that only by finding an alternative to the liberal self can we escape the incoherencies and pathologies inherent therein *Eliot's "Four Quartets"* Keith Alldritt,1978 **Desire and the Ascetic Ideal** Edward Upton,2023-09-26 The Hindu words Shantih shantih shantih provide the closing of The Waste Land perhaps the most famous poem of the twentieth century This is just one example among many of T S Eliot s immersion in Sanskrit and Indian philosophy and of how this fascination strongly influenced his work Centering on Eliot s study of sources from ancient India this new book offers a rereading of the poet s work analyzing his unpublished graduate school notebooks on Indian philosophy and exploring Eliot s connection with Buddhist thought Eliot was crucially influenced by his early engagement with Indian texts and when analyzed through this lens his poems reveal a criticism of the attachments of human desire and the suggestion that asceticism might hold out the possibility that desire can be cultivated toward a metaphysical absolute Full of such insights Upton s book represents an important intervention in modernist studies

A Reading of Eliot's Four Quartets Julia Maniates Reibetanz,1983 *On the Four Quartets of T. S. Eliot* Constance De Masirevich,1953 *The Oxford Dictionary of Quotations* Elizabeth M. Knowles,1999 This major new edition of The Oxford Dictionary of Quotations offers the broadest and most up to date coverage of quotations available today Now with 20 000 quotations arranged by author this is Oxford s largest quotations dictionary ever As well as quotations from traditional sources and with improved coverage of world religions and classical Greek and Latin literature this foremost dictionary of quotations now covers areas such as proverbs and nursery rhymes For the first time there are special sections for Advertising Slogans Epitaphs Film Lines and Misquotations whichbring together topical and related quotes and allow you to browse through the best quotations on a given subject In this new fifth edition there is enhanced accessibility with a new thematic index to help you find the best quotes on a chosen subject more in depth details of the earliest traceable source an extensive keyword index and biographical cross references so you will easily be able to findquotations for all occasions and identify who said what where and when
