Traductio Dirk Delabastita,2016-04-08 Nothing like wordplay can make difference between languages look so uncompromising can give such a sharp edge to the dilemma between forms and effects can so blur the line between translation and adaptation or can cast such harsh light on our illusion of complete semantic stability In the pun the whole language system may resonate and so may literary traditions and ideological discourses It follows that the pun does not only put translators to the test it also poses a challenge to the views and concepts of those who study translation This book brings together experts on translation and the pun as well as researchers representing a variety

of other relevant disciplines and schools of thought ranging from theology to deconstruction and from contrastive linguistics to feminism It can be read as a companion volume to Wordplay and Translation a special issue of The Translator Volume 2 Number 2 1996 also edited by Dirk Delabastita
