A God's Game Andrew Whyte,2023-12-18 Failure Abuse Loss Pain That is what Warterria brings that is what the remaining players of this deadly game have experienced And that is why so many are willing to do whatever it takes to win Every human in Warterria has their own life to live and they aren't willing to give up on it so easily With their dreams goals beliefs and desires on the line everything is coming to a head So with the final stage set it only makes sense for the self-conscious Rift to challenge the condescending god Vokai to one more game A game between man and god that will decide the outcome of how everything else will go for the humans trapped in Warterria Will everything Rift learned and experienced be enough to topple a god or will centuries of godly gaming knowledge overwhelm this one human Will the humans finally be free of this gaming torment will the three gods finally proclaim one of them as the true god of games or will human unpredictability flip everything on its head in this heart-pounding conclusion of a god's game

The Gist in the Mist Dr. Anthony Roland Lethbridge,2009-10-21 WHAT IS REALLY REAL Is the chair you are sitting on really there What does reality and existence mean to you Can you as an ordinary human get a grip of what reality is or could be Well yes you can You can raise your perception horizons without becoming a nuclear physicist philosopher or priest MAN IS AN UNCERTAINTY MACHINE He is fine tuned to deal with uncertainty He is not primarily a love machine I am of course the exception nor a sex machine nor a fighting machine nor a hate machine and not even a gene machine He is an UNCERTAINTY MACHINE People like and seek certainty in their lives but is uncertainty the real path or key to reality Should we celebrate and embrace uncertainty So let s start using all that uncertainty and applying it to every component of our very being Can we trust our senses or is perception deception Can we trust the physical objects we are seeing around us What is the matter batter holding us all together and how does matter chatter What is the relationship between mind and matter Is it the case that If you don t mind it doesn t matter Do we have free will or are we just a quantum puppet If religion is the opium of the masses is science the amphetamine of the individual Do we put too much reliance on science and is our conviction a restriction Could it be that doubt gives you clout Read on and be transformed to another world the world of THE GIST IN THE MIST
